As Ramadan approaches, we make a point to look back and reflect on the impact we have been able to achieve with your support.

There's much to celebrate this year, Alhamdulillah - a lot has happened.

Before you turn the page, know now that we are immensely grateful for the support and consistency of our donors.

It is making a huge difference in the lives of these children.

“Before getting admitted to this madrasha I could not even think of my further study after my father’s death. I have lots of friends here with whom I play and spend my time. For helping us always to have food and education, I am really thankful to you”

I want to be a Mawlana when I grow up. I was physically very weak when I came here. Lack of food often made it difficult to walk and any other activities. We couldn't even think of having any kind of education as we are refugees. I get regular meals here so my concentration on studies is increasing"
